

# ZEUS 80-182

The Zeus 80-182 is one of the leading double-depth telescopic forks of the LHD Group. This load handling device is powerful, solid and with a high-level structure. This telescopic fork has been designed to pick up and drop off heavy loads at a long distance, still with low bending and reduced yielding coefficients. It is very suitable for those spaces with a fast pace of work but it suits also in special and ambitious solutions.

SINGLE DEPTH

DOUBLE DEPTH

PRODUCT CODE	Q LOAD (KG)	L FIXED BODY LENGTH (M/M)	LS UPPER SLIDE LENGTH (M/M)	S1 SINGLE DEPTH STROKE (M/M)	S2 DOUBLE DEPTH STROKE (M/M)	MAX BENDING UNDER LOAD IN SINGLE DEPTH (M/M)	MAX BENDING UNDER LOAD IN DOUBLE DEPTH (M/M)
